

The Operating System for **Institutional Sports**

Play. We'll handle the rest.

Sports Infrastructure as a Service · SlaaS

Institutions

Schools · Colleges · Corporates

PlayOS Platform

Audit · Track · Maintain · Supply

Certified Vendor Network

Repair · Consumables · Leasing

Sports infrastructure doesn't fail because equipment gets old. It fails because nobody owns its lifecycle.

Student / Employee

- Broken TT bat, torn net
- No shuttlecock left
- Non-marking shoes unavailable
- Gym machine under repair

Frustration → stops playing

Sports Head / PE / HR

- Constant complaints
- Chasing vendors last-minute
- Inventory unknown
- Emergency procurement

Perpetual firefighting

The Institution

- Budget wasted on re-buying
- Low sports participation
- Poor student/staff experience
- Assets deteriorate fast

Value quietly destroyed

Institutions buy the equipment. *Nobody manages it.*

WHY NOW

The money is flooding in. The operations haven't changed.

₹4,480 Cr

Sports Ministry budget, 2026–27 (+18%)

₹924 Cr

New Khelo India Mission outlay

₹500 Cr

First-ever sports-goods mfg. push

100% FDI

Allowed in sports goods (NSP 2025)

Unprecedented tailwinds

- Khelo India, Fit India, Samagra Shiksha at national scale
- CSR & corporate-wellness spending rising fast
- ~7.9 lakh govt schools received equipment grants in FY24
- India sports economy on a 12–14% CAGR

Yet on the ground

- One-time procurement, then zero upkeep
- No maintenance, no inventory, no ownership
- Fragmented local vendors, no technology layer
- Equipment often unusable within a year

Samagra's ₹729 Cr sports grant was only ~32% spent. The infrastructure is being built — the operating layer is missing.

MARKET OPPORTUNITY

A ₹7,000+ Cr market with zero lifecycle providers.

TOP-DOWN India's sports economy is **\$19B today → \$40B by 2030** (KPMG, 12–14% CAGR). We target the institutional sliver nobody services.

BOTTOM-UP · institutional TAM by segment

Segment	Targets	Avg / yr	TAM
Private schools	~2.0 L	₹2.0 L	₹4,000 Cr
Colleges & universities	~20 K	₹5.0 L	₹1,000 Cr
Corporate campuses	~30 K	₹3.0 L	₹900 Cr
Gated societies	~30 K	₹2.0 L	₹600 Cr

+ consumables, tournaments & software → ₹7,000–8,000 Cr total TAM

TAM Institutional sports lifecycle, all-India
₹7,000–8,000 Cr

SAM Tier-1 & Tier-2 cities we can serve
₹1,500–2,000 Cr

SOM ~5% SAM capture by Year 2
₹80–100 Cr ARR

Everyone sells the equipment. Nobody owns the outcome.

Operations

Needs a dense hyperlocal service network across many sports — hard to build.

Economics

One-time equipment sales are simpler than recurring lifecycle management.

Technology

No platform links institutions, vendors, inventory and maintenance.

Procurement

Institutions & govt buy products, not managed outcomes.

Fragmentation

Repairs, gym servicing, consumables sit with different vendors.

Our insight: the opportunity isn't selling more equipment — it's owning the lifecycle of every sports asset.

Sports Infrastructure **as a Service** – 3 Operating Models

From procurement to play — **we own the complete lifecycle.**

Every asset, tracked from audit to replacement.

1

Asset Audit

We inventory every existing asset on-site.

2

QR Tagging

Each item gets a unique tracked identity.

3

Inventory Digitised

Live dashboard of what exists & where.

4

Maintenance Schedule

Preventive plan per asset type.

5

Complaint App

Anyone reports a fault in seconds.

6

Vendor Dispatch

Nearest certified partner is assigned.

7

Auto-Replenish

Consumables restocked before they run out.

8

Lifecycle Analytics

Usage, durability & cost insights.

9

Replace / Recommend

Data-driven upgrade & renewal calls.

The result: 95%+ equipment uptime, predictable cost, and a live record of every asset you own.

COMPETITIVE WHITESPACE

The market is crowded. **The whitespace is ours.**

	Equipment	Maintenance	Consumables	Leasing	Vendor Network	Software
Decathlon / Cosco / Nivia	✓	—	—	—	—	—
Gym-equipment servicers	✓	✓	—	✓	—	—
Facility-management firms	—	✓	—	—	—	—
Booking apps (Playo, etc.)	—	—	—	—	—	✓
Local “WhatsApp” vendors	—	✓	✓	—	—	—
PlayOS	✓	✓	✓	✓	✓	✓

Nobody delivers all six under one platform. **We’re not entering a category — we’re creating one.**

Recurring revenue, **four ways.**

Annual AMC

Maintenance + repairs + consumables on subscription.

~34% GM → 40%+ at scale

Equipment Leasing

Capex-free gear supply on 1–3 year contracts.

20–30% GM, asset-backed

Consumables

Shuttles, strings, balls auto-replenished monthly.

40–50% GM · razor-blade

Event Support

Tournament gear, referee kits & on-site ops.

High-margin, seasonal

~80%

of revenue is recurring — the compounding base of the model.

Future revenue layers

Analytics SaaS

Asset financing

Equipment insurance

Private-label consumables

Refurbished marketplace

Govt lifecycle contracts

A hyperlocal network you can't replicate overnight.

1 City → 5 zones

Each metro split into serviceable zones.

1 certified partner / 20–30 km

Dense coverage, fast response times.

Zonal inventory hub

Buffer stock for peaks & tournaments.

Customer app + Vendor app + HQ dashboard

Every job routed, tracked and rated.

Enforced SLAs

24 hr

response to any request

48 hr

repair turnaround

Quarterly

preventive audit

Annual

lifecycle review

Network effects

Largest certified sports-service network in India

Proprietary data

Asset-health data across 10,000s of tagged items

Switching costs

Institutions run their whole sports ops on us

WHY BOTH SIDES SAY YES

One platform. **Two happy sides.**

For Institutions

"You focus on the game. We handle the gear."

- Predictable Opex instead of lumpy, wasteful Capex
- One accountable partner — report faults in an app
- 95%+ uptime; courts & kits match-ready all year
- Live inventory & quarterly reports on every asset
- Zero "Sports Day disaster" last-minute scrambles

For Vendor Partners

"Guaranteed B2B business — no chasing customers."

- 3–5 service jobs a week, routed via the app
- Prompt digital payments — no cash chasing
- Access to schools, colleges & corporates you couldn't reach
- Training + a "Certified Partner" badge that builds trust
- ~40–50% revenue share on every contract

Every new institution makes the network denser. Every new vendor makes it faster. **That's the flywheel.**

Every asset has a life. We manage all of it.

Equipment	Typical life	Upkeep
Badminton racquet	4–6 yrs	Restrung / regrip
Table-tennis bat	2–4 yrs	Rubber yearly
Cricket bat	2–5 yrs	Knock, toe-guard
Football	1–2 yrs	Inflation, valve
Treadmill / multi-gym	8–10+ yrs	Quarterly service
Nets & shuttles	consumable	Ongoing replace

Each touchpoint is a recurring-revenue moment — **and a step toward a circular, sustainable sports economy.**

ROADMAP

From 90-day pilot to national platform.

₹150 Cr revenue and 1,000+ institutional clients by Year 5 — on a base that is ~80% recurring.

THE VISION

Start with equipment. Own institutional sports.

Horizontal expansion

Same customers, more services

Turf & court resurfacing

Swimming-pool upkeep

Gym AMC

Event & tournament management

Coach marketplace

Sports insurance

Vertical integration

Own more of the value chain

Procurement & mfg. tie-ups

Private-label consumables

Refurbished marketplace

AI maintenance prediction

Asset financing

Govt asset management

Become India's operating system for institutional sports.

Every Bhartiya student, employee and resident deserves uninterrupted access to quality sports infrastructure.

We make that possible.

THANK YOU!

Our Vision
Every institution plays without worrying about equipment.

Our Mission
Own the complete lifecycle of sports infrastructure for institutions.

Our Promise
Play. We'll handle the rest.

Key Partners

- Certified Local Vendors (20–30 km service zones)
- Sports Equipment Manufacturers & Distributors
- Consumables Suppliers
- Technology Partners (Cloud, Maps, Payments)
- Government Bodies & Education Departments
- Logistics & Delivery Partners
- Financial Partners (NBFCs, Banks)
- Insurance Partners

Key Activities

- Asset Audit & Onboarding
- Equipment Maintenance & Repairs
- Consumables Supply & Inventory Management
- Equipment Leasing & Lifecycle Management
- Vendor Network Management & Training
- Technology Platform Development
- Customer Support & Relationship Management
- Data Analytics & Reporting

Key Resources

- PlayOS Platform (Web + Apps)
- Vendor Network & Technicians
- Inventory & Warehouses
- Operations & QA Team
- Brand & Institution Relationships
- Data & Analytics

Value Propositions

For Institutions

- End-to-end ownership of sports infrastructure lifecycle
- Always-ready equipment for uninterrupted play
- Transparent inventory, budgets & reporting
- One partner, Zero headache

For End Users (Students/Employees)

- Well-maintained, high-quality equipment
- No more waiting for repairs or replacements
- Better playing experience
- More opportunities to play

For Government

- Efficient utilisation of public funds
- Standardised maintenance & transparency
- Scalable across schools & districts
- Data-driven decision making

Customer Relationships

- Long-term Annual Contracts
- Dedicated Account Managers
- SLA-driven Service Agreements
- Proactive Maintenance & Alerts
- Self-serve Platform & App
- Regular Reviews & Reports
- 24/7 Support & Helpdesk

Channels

- Direct Sales (Institutional)
- Website & Digital Marketing
- Vendor Network Referrals
- Government Tenders & Portals (GeM, State Portals)
- Industry Partnerships
- Events, Sports Associations & Networks

Customer Segments

1. Private Schools

CBSE, ICSE, State Board schools seeking quality sports programs

2. Colleges & Universities

Engineering, Management, Arts & Science, Private & Government Institutions

3. Corporates

Corporate Campuses, IT Parks, Manufacturing Units, Offices

4. Residential Societies & Clubs

Gated Communities, RWAs, Clubhouses, Sports Clubs

Cost Structure

- Inventory Procurement
- Vendor Payments & Commissions
- Technology Development & Maintenance
- Operations & Field Teams
- Logistics & Transportation
- Warehousing & Storage
- Marketing & Sales
- Customer Support
- Administration
- Depreciation & Repairs

Cost Nature

40–50% Variable
50–60% Fixed

Revenue Streams

1. Maintenance AMC
Annual maintenance contracts

4. Consumables Supply
Shuttles, balls, grips, nets, shoes, accessories

2. Equipment Leasing
Quarterly / Annual subscription for equipment

5. Tournament Support
Event & tournament equipment & on-ground support

3. Repair & On-Demand Services
One-time repair, refurbishment & emergency services

6. Software & Analytics
Platform subscription, insights & reporting

Our Goal: Become India's most trusted and comprehensive partner for institutional sports infrastructure.
